In order to better inform our families as well as the members of our community, it is with pleasure that we add a detailed price list as well as explanatory notes specifying what each of these expenses represents.

The price of the funeral can vary largely from region to region. However, it can be adjusted to answer the individual needs of every family.

That is why we believe it is important to inform you, as a consumer, on which options are available when you familiarize yourself with the cost of a funeral at the time of death or pre-arrangements.
